

INSTRUCTIONS

There are 3 requirements for achieving a Certified Alarm Technician Level II (CATII) Certification:

1. **Required Training and Certification:** Applicants must hold an active Certified Alarm Technician Level I (CAT) Certification, and have taken and passed the Fire Alarm Installation Course and the Advanced Intrusion Systems Course.
2. **Work History form:** outlines the required 24 months of work history in the field of alarm installation, inspection, troubleshooting, and commissioning.
3. **Work History Verification:** must be completed by company owner or company representative which provides proof of 24 months' work experience.

If you have questions, please contact ESA/NTS at nts@ESAweb.org or 888-447-1689.
